Re: U.S Patent Application  
Device and Method for Confectionary Display  
Serial No.: 09/897,008  
Filing Date: July 2, 2001  
Our Ref. No.: ROC01-002P

To Whom It May Concern:

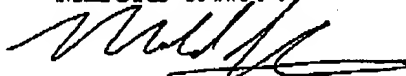

Pursuant to my telephone conference on today's date with Examiner Weinstein, please be advised that documents with respect to the subject application are not being scanned into the optical system by the Scanning Office. The above-referenced application was filed on July 2, 2001 and the Amendment and Response to First Office Action were faxed the USPTO on November 21, 2003, February 9, 2004, April 28, 2004 and May 13, 2004. A Status Inquiry request was faxed on February 18, 2005. As of today's date no communication has been received from the USPTO indicating further action on this application because Applicant's response is not being scanned into the system.

Transmitted herewith is the *fifth* transmission of the same Amendment and Response to First Office Action with respect to the above-referenced patent application. We request that the Amendment be entered as of the first date of first mailing, which was November 2, 2003.

Thank you in advance for your anticipated cooperation in this matter.

Sincerely,

MILORD & ASSOCIATES

Milord Keshishian
